

Giving Back Through Haylee

A Chance to Give Back to a Great Cause

My name is Ambir Hukkanen-Soto. I am a novice fitness athlete in Reno, NV who runs a local blog encouraging healthy lifestyles to those who are intimidated by making healthy choices. I also suffer from asthma.

Which is why I am reaching out to you today.

Every Day in America, 44,000 people have an asthma attack., 4,700 people visit the emergency room due to asthma and 9 people die from asthma. (<http://www.aafa.org>)

I was deeply saddened by the recent loss of a young woman. Haylee was on a path to do great things for our community. Her time on earth was unjustifiably short. I am here to **allow Haylee to continue helping people**; allow her generosity continue on.

Haylee enjoyed to be active and she was a giving person. By combining these two elements of Haylee Nicole Ponte, I am requesting fun sponsorships for a race I am running April 12th, 2015, in honor of Haylee in Napa, CA. For this race, all sponsorships and donations will go to: Mom's on the Run, in honor of Haylee. Moms on the Run is a 501-c3 non-profit organization dedicated to assist local Northern Nevada breast and gynecological cancer patients during their treatment. (Tax deductible receipt can be provided upon request)

Mom's on the Run was an organization near and dear to Haylee and her family. Visit <http://www.momsontherun.info/> for more information about the organization.

To Learn more about the Triathlon race I am participating in, visit: <http://hitstriathlonseries.com/napa-valley-ca/> . I am still in my early days of competing, and I don't expect to place, but I do expect to have fun, and do it for a good cause!

**This fundraising even is not affiliated with the race and funds are independently collected and turned in to: Mom's on the Run*

Help Haylee Give Back Like She was Born To

Haylee Nicole Ponte suffered from asthma and passed away from medical complications on Tuesday, January 27, 2015.

Haylee was 19 years old.

She was a promising, Dean's List, Bio-Chem student, studying at the University of Nevada. Her lifelong passion was to help others and she was pursuing this passion by studying for a career in the medical field. Haylee touched everyone's heart like no one else and left a lasting impression. She loved to laugh and make others laugh. She would give away her last dollar to someone less fortunate and was a loyal and attentive friend, evidenced by the outpouring of support that she received in her final days. She inspired that kind of love because loving always came so naturally to her.
